

TUESDAY | AUG 26

9:30

Accelerating interpretation with Blueback Well Ties
 - a new automated multi-well, multi-seismic well tie solution for Petrel*
 by Mark O'Brien

10:00

Enabling data science workflows in Petrel with Cegal Prizm by Vlad Rotar

11:30

Blueback Avary – seamlessly navigate complex geophysical domains with the power of the Flows architecture by Mark O'Brien

13:00

Dynamic AVO analysis and reconnaissance tightly integrated into Petrel
 by Mark O'Brien

13:30

Unlocking the full potential of your data in Petrel with Blueback Investigator
 by Jezy Cooke

15:00

Subsurface data clean-up before migration; Assess, rationalize and monitor your data by TBA

15:30

Python Tool Pro 2.6 and 2.7: New features and enhancements by Vlad Rotar

17:00

Innovative seismic tools unlocking fresh perspectives on data by Jezy Cooke

WEDNESDAY | AUG 27

9:30

Enabling data science workflows in Petrel with Cegal Prizm by Vlad Rotar

10:00

Dynamic AVO analysis and reconnaissance tightly integrated into Petrel
 by Mark O'Brien

11:30

Accelerating interpretation with Blueback Well Ties
 - a new automated multi-well, multi-seismic well tie solution for Petrel
 by Mark O'Brien

13:00

Python Tool Pro 2.6 and 2.7: New features and enhancements by Vlad Rotar

13:30

Innovative seismic tools unlocking fresh perspectives on data by Jezy Cooke

15:00

Unlocking the full potential of your data in Petrel with Blueback Investigator
 by Jezy Cooke

15:30

Subsurface data clean-up before migration; Assess, rationalize and monitor your data by TBA

17:00

Blueback Avary – seamlessly navigate complex geophysical domains with the power of the Flows architecture by Mark O'Brien

THURSDAY | AUG 28

9:30

Accelerating interpretation with Blueback Well Ties
 - a new automated multi-well, multi-seismic well tie solution for Petrel
 by Mark O'Brien

10:00

Blueback Avary – seamlessly navigate complex geophysical domains with the power of the Flows architecture by Mark O'Brien

11:30

Enabling data science workflows in Petrel with Cegal Prizm by Vlad Rotar

Digitalization Pavilion
booth #2015

Subscribe for Cegal Geoscience Newsletter.

*Petrel is a mark of SLB
