

TUESDAY | AUG 18

10:30 AM

Frontier exploration, vintage datasets/images? Four tools that can change the way you interpret and use data from different sources

by Joanne Suffert

11:00 AM

Accelerating interpretation with Blueback Well Ties: a new, automated multi-well, multi-seismic well tie solution for Petrel and Avary

by Mark O'Brien/Alan Vigner

11:30 AM

Genova: Unifying your technical data landscape

by Rebecca Williams

12:30 PM

The ABC's of Blueback Investigator: A comprehensive guide

by Jezy Cooke

1:30 PM

Beyond infrastructure: Building the digital foundation for AI in energy

by Julie Vonnet

WEDNESDAY | AUG 19

10:00 AM

Texas in Petrel, let's have fun with the Toolboxes

by Jezy Cooke

11:00 AM

Blueback Rocks Velocity 4.0: Introducing stochastic depth conversion analysis

by Joanne Suffert

11:30 AM

Blueback Avary: Change the way you work with seismic data - interactivity and across domains

by Mark O'Brien/Alan Vigner

12:30 PM

Beyond infrastructure: Building the digital foundation for AI in energy

by Julie Vonnet

Digital Pavilion at IMAGE '26

1:20 PM

A tech-driven approach to rationalizing your subsurface data - a case study

by Rebecca Williams

THURSDAY | AUG 20

10:00 AM

Blueback Avary: Change the way you work with seismic data - interactivity and across domains

by Mark O'Brien/Alan Vigner

10:30 AM

The ABC's of Blueback Investigator: A comprehensive guide

by Jezy Cooke

11:00 AM

Genova: Unifying your technical data landscape

by Rebecca Williams

11:30 AM

Accelerating interpretation with Blueback Well Ties: a new, automated multi-well, multi-seismic well tie solution for Petrel and Avary

by Mark O'Brien/Alan Vigner

12:30 PM

PTP - Driving subsurface innovation with agentic AI: from idea to execution faster

by Thomas Meldahl Olsen

TUESDAY | AUG 18

2:00 PM

PTP - Driving subsurface innovation with agentic AI: from idea to execution faster

by Thomas Meldahl Olsen

2:30 PM

Blueback Avary: Change the way you work with seismic data - interactivity and across domains

by Mark O'Brien/Alan Vigner

WEDNESDAY | AUG 19

2:00 PM

Accelerating interpretation with Blueback Well Ties: a new, automated multi-well, multi-seismic well tie solution for Petrel and Avary

by Mark O'Brien/Alan Vigner

2:30 PM

PTP - Driving subsurface innovation with agentic AI: from idea to execution faster

by Thomas Meldahl Olsen

3:00 PM

Cenova: Unifying your technical data landscape

by Rebecca Williams

3:30 PM

The ABC's of Blueback Investigator: A comprehensive guide

by Jezy Cooke

THURSDAY | AUG 20

1:30 PM

Smarter tools for everyday wins. New features in Blueback Toolbox 21.1

by Joanne Suffert

2:00 PM

Texas in Petrel, let's have fun with the Toolboxes

by Jezy Cooke
