

TUESDAY | AUG 18

10:30

Frontier exploration, vintage datasets/images? Four tools that can change the way you interpret and use data from different sources

by Joanne Suffert

11:00

Accelerating interpretation with Blueback Well Ties: a new, automated multi-well, multi-seismic well tie solution for Petrel and Avary

by Mark O'Brien/Alan Vigner

11:30

Cenova: Unifying your technical data landscape

by Rebecca Williams

12:30

The ABC's of Blueback Investigator: A comprehensive guide

by Jezy Cooke

13:30

Well Ties at scale: An automated, QC-rigorous workflow for large-volume unconventional assets

by Theresa Hartman

WEDNESDAY | AUG 19

10:00

Texas in Petrel, let's have fun with the Toolboxes

by Jezy Cooke

11:00

Blueback Rocks Velocity 4.0: Introducing stochastic depth conversion analysis

by Joanne Suffert

11:30

Blueback Avary: Change the way you work with seismic data - interactivity and across domains

by Mark O'Brien/Alan Vigner

12:30

Beyond infrastructure: Building the digital foundation for AI in energy

by Julie Vonnet

14:00

Accelerating interpretation with Blueback Well Ties: a new, automated multi-well, multi-seismic well tie solution for Petrel and Avary

by Mark O'Brien/Alan Vigner

THURSDAY | AUG 20

10:00

Blueback Avary: Change the way you work with seismic data - interactivity and across domains

by Mark O'Brien/Alan Vigner

10:30

The ABC's of Blueback Investigator: A comprehensive guide

by Jezy Cooke

11:00

Cenova: Unifying your technical data landscape

by Rebecca Williams

11:30

Accelerating interpretation with Blueback Well Ties: a new, automated multi-well, multi-seismic well tie solution for Petrel and Avary

by Mark O'Brien/Alan Vigner

12:30

PTP - Driving subsurface innovation with agentic AI: from idea to execution faster

by Thomas Meldahl Olsen

TUESDAY | AUG 18

14:00

Beyond infrastructure: Building the digital foundation for AI in energy

by Julie Vonnet

14:30

PTP - Driving subsurface innovation with agentic AI: from idea to execution faster

by Thomas Meldahl Olsen

15:00

Blueback Avary: Change the way you work with seismic data - interactivity and across domains

by Mark O'Brien/Alan Vigner

WEDNESDAY | AUG 19

14:30

Cenova: Unifying your technical data landscape

by Rebecca Williams

15:00

PTP - Driving subsurface innovation with agentic AI: from idea to execution faster

by Thomas Meldahl Olsen

15:30

The ABC's of Blueback Investigator: A comprehensive guide

by Jezy Cooke

THURSDAY | AUG 20

13:30

Smarter tools for everyday wins. New features in Blueback Toolbox 21.1

by Joanne Suffert

14:00

Well Ties at scale: An automated, QC-rigorous workflow for large-volume unconventional assets

by Theresa Hartman

14:30

Texas in Petrel, let's have fun with the Toolboxes

by Jezy Cooke
